Words can't express how deeply heartbroken we are to hear of Helen's passing. She was such a beautiful person in and out. Loving, giving and always thinking of others and their needs. She had a contagious smile. She was the epidemy of a gracious host. I loved her enthusiasm. I loved listening to her talk about her family and how much they meant to her. She will be greatly missed. She was absolutely amazing and talented.

Helen was a multi-faceted, talented and caring person. She leaves a big hole. I worked with Helen for 10 years at Silver Hills. I taught students in special ed. One of my students wanted to be in the talent show. She said "I want to people to know that I am more than just a student in this class." Helen held this student to the same expectations she had for all the others. (Thank you, Helen!) Recently this student had the opportunity to meet with Helen and thank her for believing in her. I hear that Helen even gave her a few geography lessons. I hope that the emptiness you feel is eased by the sweet memories you hold.
