Dr. Kendell and Family, The news of Henry's passing is heartbreaking. What an amazing young man you both raised. Henry's memory will live on in the hearts of so many. My thoughts are with you and your family at this time.

- Kristi Arntz Allen

Dear Allison, Scott, Anne, Sarah and Will, My heart is breaking for you. It is not quite six months since you sent me the kindest sympathy card when Janet died. It was so thoughtful of you. And now, for you to suffer this unspeakable, inconsolable tragedy. If Janet were here, she and I would be hugging and sobbing our eyes out. I was not looking for a fellow journeyer on my river of pain, and if I could somehow undo it, I would, but I know that I can't. I am out of the country until March 1. After that, if there is anything I can do that could help, I will be hear for you. I offer no words of comfort. If they exist, they are each person's. I do offer someone who is ready to listen and be with you whenever you need. I send you all of Janet's love and all of my love. Michael

- Michael Kalm

I am so sorry about your loss. I do not know you but feel so akin to your family as I have boys who ski Alta all the time. We feel your heart ache and mourn with you. Sending your family some peace, at some time. Hugs.

- Liz Baucom

Henry was the sweetest most amazing friend you could get he was always nice always would listen and would always be comforting you if you where sad. He was always the friend u would go to for help or just needing someone by your side, and knowing that he is gone and you can never see him again, just leaves a hole in ur heart forever. Because you don't have that one person by your side any more the person who you love and care about, you still feel for him and love him so much and knowing that he's gone, well the there's no more laughter and giggling no more amazing personality just no more of any of that. And that will never come back, you just have to live without that for the rest of your life. And you miss him so much but that is all you can do. You cry and cry and hope that everything will be okay, but it won't because you know he is not there. Henry we miss so much, and out hearts will never heal without you there.

- Sofia Salman

My deepest condolence to you Scott (Elder Kendall) - I wish you and your family peace and comfort at this most difficult of times. Henry must be a mighty warrior to be called Home so early - His presence is needed in the Heavenly realms above. I pray that you can see our Heavenly Father's hand in this untimely departure and I will pray for the healing balm of the Holy Ghost to be with you all. Scott, you influenced my life in profound ways - I will always be grateful for your testimony and example. Love to you and your beautiful family.

- Kirk G McRae

Dear Kendall Family, on behalf of all the people who responded to Henry’s accident I wish to express our profound sorrow. He was truly a beautiful young man. These words, written long ago have always helped me through life’s hardest moments, peace be with you all. Here in this world where life and death are equal kings, all should be brave enough to meet what all have met. From the wonderous tree of life the buds and blossoms fall with ripened fruit and in the common bed of earth, patriarchs and babes sleep side by side. I should rather live and die where love is king than have eternal life where love is not. Faith tells us that death, even at its worst, is only perfect rest. We have no fear, for the same fate awaits us all. Love for the living and hope for the dead. John Jarvie, Brown’s Park, Ut. 1904

- Samuel Howard

What a beautiful tribute for such an amazing young man. Untimely loss is so very difficult and my heart aches for you and your family. It has been almost 10 years since Scott passed away in the accident with his dad, and not a day goes by that I don’t think of him and miss him dearly. Even so, each of us would acknowledge that this trial has changed us for the better. We have an eternal focus engraved in our souls. I can also witness, that they never leave us, and there is a power and a protection that comes from having angels on the other side of the veil that we intimate know and love. I hope and pray that you will recognize and record those experiences. Families are eternal and “relationships can be strengthened through the veil.” - Richard G Scott. Elder Scott lost two children and later his wife. He testifies from experience that there is a way to live and be so that angels can be present in your home. That will mean more to you now than ever before. Sending our love and prayers, Veronica (Clarke) Oscarson

- Veronica Clarke-Oscarson

Dear Scott and Annie, Henry was such a sweetheart. I know you will miss him. But he will always be nearby. You raised a righteous son who has much work to do now. Trust in the Lord was one of our Primary Themes. May his spirit be with you at this time. We love you. Laura and Lee Miller

Dear loved ones of Henry, as my daughters and I were taking up the Sunnyside chair on Sunday, we saw ski patrol doing CPR on someone as they were bringing him down the hill on the sled, and then soon after, we saw the life flight helicopter come and go. My heart just sank and I was overcome. It was clear that the ski patrol were putting absolutely everything into helping your dear son. My nephew is also a cello player, ski-loving student at Skyline and my heart just breaks for your family. Sending my deepest condolences. I am sure I will always keep him in my heart when I am on that lift.

I was lucky enough to be one of Henry's ride leaders last year on the Skyline Mountain Bike Team. He was a joy to ride bikes with. Henry always had a great attitude on the trail. He didn't complain when the riding got tough and was a positive example for those he was riding with. I could see his love for biking and was impressed as I was able to watch him progress and push himself to be better. Henry will be missed by those he shared the trails with and his fellow team members. Your family is in my prayers.
