Mike and I have followed your lives as adults thru Julie and Marty and ached for your family and Hillary's long cancer battle. We are so sorry you now have to endure mortal life without such a light and love in life. We remember Hillary and also remember what a wonderful girl she was. We are not surprised she became such a remarkable woman, wife, and mother. I am sure she filled your family with more than enough faith, hope, and love to live your lives without grief or pain but with just looking forward to that amazing and joyous reunion that will surely come. We can tell she had that much light to give. The written tribute was better than any Conference talk in sharing your strong testimonies and the Sprit. Thank you! We wish we could be there to show our love of all

Bushman's! Jake- we love you and will continue to pray for you and your boys. Paula and Mike Clark

My memories of Hillary are so fun, camping with her and of course riding horses, but what stands out the most with me is her fun enthusiasm, and was spread to others. I love you, Hillary Sheri Fredrickson

What a shining light and example to all!! Rest in peace Hillary and may God bless and be with your family in this time of trial.

I can't remember a time where Hillary wasn't smiling and just enjoying life. Her spirit was love and it showed in her smile and everything she did. My earliest memory was when I was maybe 12 years old and Hillary's dad Mark gave me a job to paint the fence around the horse corral. I wasn't out there long before Hillary and Jody came to "help out" (pretty sure a paint fight happened) and even way back then Hillary was full of life, joy and love. My thoughts of Hillary will always be of one who's light shined like the Savior and it was impossible to feel lost or down when Hillary was around. Peace be unto the Loved ones who will have to wait before seeing dear Hillary again.

Hi Jake, it's your cousin! I am so sorry for your loss and for everything your family has been through. Please let us know if there's anything we can do to help! We really wanted to be there for the funeral but I'm still recovering from a broken foot and ankle so I'm sorry we won't be able to attend in person. Your family is in our thoughts and prayers and we send you all of our love!

Hillary and Jake lived in our Ward in Farmington when they were first married. They both went to school with two of our boy's. Hillary was so sweet and yes she was always smiling. I dare say she had no enemies. Condolences to Jake and the boys. May the Lord bless you! ♥■ ♥■

Jake, We love you two so much and the Bushman family. The last time we spoke to Hillary she was so happy with her family and life and so grateful for where you both were able to build your home and family. She invited us to move there as well because she knew we would love it too. She is a sweetheart and we want you to know how you both have influenced our family for good. Your faith and example of how to live a Christ-like life filled with hope and faith in our Savior will continue to bless our family as we strive to follow your example. We send you all of our love and will continue to keep you in our thoughts and prayers. We are grateful for your good family and grateful we have had the privilege of being a small piece of yours. What a wonderful funeral- so loving and warm. I loved that the casket was as Hillary would have liked - saddle and hat. What a woman and what a good family. I'm so impressed with her tight, loving group of friends. I only got to know her in the Metastatic Group at Huntsman. She was open, caring, a ray of sunshine. I miss her. Love and blessings to you all, Connie Bauer
