January 15, 1946 ~ October 5, 2021

Goodbye to a great coworker, therapist, teacher, facilitator and friend. Always moving ahead and beyond in everything she did. Peace to Jeanie in the next chapter. Love, Jill

I fondly remember Jeanie as a part of our Crones Group. An amazing spirit of gratitude in resilience. She shared with us her life stories, and cried with gratitude at the love her children and grandchildren brought to her. She will be remembered respectfully and with gratitude for her humility and simple life grace in the face of many encounters with grace.

So glad to have had the opportunity to converse with Jeanie. Always a depth and a truth. May her legacy be of healing.

Jeanie was special to many people. She had the knack to provide a healing of both body and spirit. Loved her special touch on us all. She will be missed by many.
