Are hearts are saddened at Ron's passing; but rejoice in the peace he now has. Deepest sympathies to your family. Richard has so enjoyed talking with Ron over the last year and catching up on lost time and reminiscing over the year's they grew up together. Love to all.... The Sjostrom's

How incredibly sad. Usually Ron, Brian, Paul and I (the management team at CrossLand Mortgage - 135 offices in 35 states) would meet at least once a year post CrossLand, but with Covid and other interference it has been several years. Ron was great. Knowledgeable, smart, personable, one of the best hires I ever made who went on to much greater reward and recognition commensurate with his talents. My heart goes out to his family. He lived for his “boys” and his/their “toys.” So sad to see such a wonderful person leave us all too soon..
