My friend and neighbor will be missed by all of us he brought into his life. We visited many times over the years. He was such a character. He loved his family and my dogs who loved the attention he gave them. Carrie and I send our love and best wishes to the entire family.

To his wife, children, and loved ones I offer you my sincerest condolences. He lived a good life and he will be missed. He lived by the principles of the gospel of Jesus Christ. Epitome of serving others. He lived simply but had a complex and comprehensive intelect. I cherish the time I spent with him and the compelling conversations we shared. Till we meet again …
