

Jack Spencer Burt

May 6, 1947 ~ November 4, 2023

Sending my condolences to the Burt family. Jack was always a kind and generous person. He is someone I always think about when have memories of my childhood. I will always remember hearing the radio playing with the garage open on Saturday's at the Burt home.

Everything written in Jack's obituary is true. He was a gentle giant who served his family, friends and the Lord. He did all this in-spite of his constant pain. He's the only one I've ever heard of who got the church to buy a snowblower so he could shovel the widows walks. I remember him offering advice and suggestions to do many of us about our car problems. The important thing to me that I cherish about Jack was the gleam in his eye and the smile that both radiated his love. His devoted family cared for him and supported him through many tough times. From my perspective Jack has graduated from life with honors. Best wishes to Sherry and the family. Love you - Rod

I don't have words to express my sympathy for the family of this little giant of a man. Nothing but great memories of him growing up in that neighborhood. If it was broke, he fixed it and did it with a smile and a heart of service. I'll always be grateful for the example he was to all of us in the neighborhood.

Karen and I want to extend our heartfelt love to the entire Burt family. Our memories of Jack are bright and fill us with warmth and love. Jack was a pillar of strength and his dedicated faith and service touched our lives and our hearts through many years and in many ways. I hope when I get to Heaven I can shine Jacks shoes. Our love and prayers to each of you.

We sure love you and your family♥■ it was so heartbreaking to hear of the passing of our beloved Brother Jack. We send hugs and love to each of you and pray you feel peace now and in the years to come. What an incredible man and friend he was to us and everyone that knew him. He's our example of service, love and endurance. Our lives are richer and so blessed to have known him. He will be missed but will remain in our hearts and minds forever. What a blessing to have him as your father and husband and to leave you such an incredible legacy. You each hold a special place in our hearts. We love you all ♥■♥■♥■

We send our condolences from our mission in Italy. Jack gave remarkable Christ-like service that made our ward and neighborhood a much better place. No one will ever know all the acts of service he gave, often anonymously. We were privileged to see the impact of his giving. Sherry is a devoted disciple of Christ in her own right, and the two of them are a remarkable team.

We (my Dad and I) were out of the country but still able to attend via technology. I've certainly been blessed by Jack over the years but especially when I was young. Our families grew up together and I've always felt closer to family than friends despite not being around recently. Jack has always been a light to me and I love him and I'm mourning with you! Great to see all of the family again and hear their wonderful talks. Love Dan

We all knew that Jack Loved to help others, especially with their car problems. One evening i was repairing the brakes of the kids Volkswagon Rabbit. It was late, I was tired and desperately needed his help. These type of brakes use fairly heavy springs that need to be stretched when reinstalling them. I sent Jack an SOS and as usual he was Johnny on the spot. Now, I don't know if many of you knew, but Jack was prone to passing out at the site of blood. As we were finishing the installation I was stretching one of those springs with a set of needle nose pliers. Well, the pliers slipped and went directly into my left forearm and blood came spurting out shooting past Jack in several long spurts. I immediately grabbed my arm to stop the bleeding and looked at Jack to see if he was still with me. Fortunately he was calm and cool and went to the door, got the car keys from Judy and drove me to the ER. I loved this good man and all he did for so many people. Jack and I also spent many hours together in the foyer listening and watching, thru the door, our sons play church basketball. We were often too animated to be allowed on the visitor sidelines.

Long ago; many may remember that Tracy Rollings used to give out secret Santa baskets to needy Families. At the time no one knew who the secret Santa was. Tracy was killed in a tragic auto accident. I didn't know at the time that Tracy was that secret Santa until we were called into the Bishopric and Bishop Orton informed us it was Tracy. I tell you this because I remember Jack bearing testimony in Elders Quorum. He and Sherry had been the recipient of one of these baskets and it had a \$100 bill in it. Jack's family was in great need at the time. Jack really wanted to know who had given them the basket so he could properly thank that person. Then he said, "he was truly glad that he didn't know because he could believe that it was any of the brothers in that quorum surrounding him. He went around the room and pointed to several of the brothers as he went and said I can believe it was you, etc. I was really impressed with the love he felt for all of us. HE WAS A GOOD MAN
