Your mom was such an example of elegance and grace, mixed with down-to-earth common sense and wit. She was a good friend and will be missed! Love to all of you—

What a wonderful tribute that brings back so many memories. I remember going over to Shannon’s house so many times and Jackie would be throwing a bridge game party or some other wonderful social event. I would try to sneak a taste of her awesome clam dip when she wasn’t looking. Her ability to gather groups of friends and neighbors together for a great game and delicious food is something I really admire. Also, both me and my daughter still cherish her wonderful cross stitch blankets and towels. You will be missed, Jackie!
