Jacque, You brighten up our lives with your quick humor and always happy smiling face! Thank you for being there when we needed you! Rest in peace! Love you!

Please accept my heartfelt condolences on her passing. I’m sorry you have to go through this heartbreaking tragedy. The people who knew her were lucky to have such a fantastic person in their lives. Jacque was such a sweet gal and I was very fond of her. Do you remember when we were teenagers and she had those big dogs and she had drool towels all over the house to clean their faces and whatever else got a constant doggie drool shower. She never got mad and never thought it was a big deal. She just accepted it and made everyone else ok with it too. I think that's the type of person she was. Jacque just loved and accepted everyone, drool and all.

Our hearts are heavy hearing the news of Jacque’s passing. She was very special to our family from the time she was 11 years old. Some of our first memories were of her hanging out with her daddy and playing pool in Mike’s man-cave! Jacque was our girl’s babysitter when her McKenzie was little, a coworker at WNA and a dear friend. We watched Jacque grow up to become a wonderful daughter,sister, wife, mother, grandmother and friend! Her smile was priceless! It was an honor to have known and loved her. Our Love and sincere condolences to all of Jacque’s beautiful family. A special hug goes out Lin, Julie and Randy. Tommy and Linda Monty
