I love you Jackie, we have always respected each other and had great memories and conversations. Much love your brother Wayne.

It's so hard to say goodbye to a wonderful friend. Jackie and I have been friends since we were around 5 years old. She was always kind and friendly. We had a lot of fun when we got together. She was so proud of her children and loved them deeply. When her grandchildren came she was so happy and loved them so much. I will have you in heart forever my friend.
