

Jacques Gaston Chappuis

April 11, 1942 ~ December 17, 2022

I was in the French East mission a few years latter. I met him fixing his garage door and I've said for years that his name was the perfect French name. I loved saying his full name. Stephen J Burr, Arrow Garage Door... still working at 74.

- Stephen Burr

I love Jacques Chapuis. He was a remarkable youth leader. You always knew he loved you and cared about you.

- Ken Done

I always enjoyed my talks with Jacques about sports and especially baseball cards. Je vous prie de bien vouloir accepter mes sincères condoléances.

Carma - I was so sorry to read of the death of your husband. My love and condolences to you and your family. I would love to get together with you and catch up on all the time since we last saw each other, however, I moved to Missouri five years ago and doubt that I will ever get back to Utah. Reading the obituary, it sounds as if you've had a great life and that your husband was a remarkable man. If you get a moment give me a call at (801)898-3888 or email me at linras16@yahoo.com.

Carma and Family, It is with deep sorrow that I saw the obituary today. My association with Jacques spans so many years where Jacque was the banker for my business and in Rotary. Our company followed Jacque wherever he landed because his relationship built our business into a thriving entity that it is today. My business partner always insisted on having Jacques. He always told me that one of the most important things for success is to have a great relationship at the bank. In our business relationship, we were part and parcel of the Winter Olympic Games for 2002 and I think Jacques told me his stories a dozen times of serving as a French speaking driver for the officials during the games. At Rotary, Jacques was a constant aid and support to me. When I was asked to be President of the Sugar House Rotary Club in 2005, Jacques made it clear to me what a responsibility this would be. He also made it clear to my business partners that I needed to represent our firm properly. Jacques was a tremendous resource to our club when we sponsored the Chili Open. He assisted with all the financial controls of handling between $200,000 to $300,000 in charitable contributions each year. On a personal note, my mother attended Rotary with me and met Jacques. I was speechless when all of a sudden they were best friends. My mother happened to be Gaston's personal secretary at Union Pacific Railroad during World War II. Gaston was in charge of troop movements on the railroad at that time. Lastly we were having dinner with Jacques at our fellow Rotarian's home on Avenue B several years ago. Jacque just happened to mention that he had grown up living next door. What a small world. The world was better with Jacques in it and we will miss him.

Carma, sorry to hear of your loss. Having had Dian pass, I know of how we miss our loved ones. My prayers are with you. David Bagley

Carma - My older 3 children who knew Jacques well let me know of his passing. I am so sorry as I remember many times together (even though many years now divorced) ward and also great times with you and Jacques at events, bring great memories of you both at the ward in our respective positions over many years. It has been a long time and I send you my heartfelt condolences knowing it is difficult, but also Jacques is with those he also loved that were waiting for him. Caring for someone with memory loss I went through with my own mother and the daily efforts of care, unless personally gone through with a loved one, no one realizes the strength and care required. I know that you will be blessed and having been a friend with so many others of Jacques, he would have appreciated all that you did for his comfort and care. My best to you -- having still living in Holladay and 8 children all raised with their families, blessings will be yours. My love to you and the family.

- Sharron Cannon

I’m his daughter and I will miss him so so so much and I will always love him for eternity and beyond he used to take me places with him and I loved watching ball games and going to all of his softball games at the stake center here in Holladay I love him with all my heart and soul from Angela chappuis
