Jim was my first love my childhood sweetheart. We spent 4 years together. I was happy to get to know him again in the last few years. His struggles were hard. I am so glad he's not in pain and has gone with our father in heaven. I am so sorry for the families loss. He talked fondly of his children constantly and his wish was to live closer to them. Rip Jim you will be missed.

We are so sorry for your loss. I am a cousin through the Atkinson side. He and I and one other boy were the only ones my age in a whole slew of cousins! It is so great to hear of his accomplishments and successes. Sending our prayers your way! May our Heavenly Father comfort you and your family in these difficult times. I'm sure he is on the other side catching up with family! Much love and condolences from our family to yours.
