I am so sorry to hear about the passing of Jaymers. I'll never forget all the fun we had on Shady Grove. Deepest condolences to his family and friends.

I am so sorry to hear about James. We have worked together over the last 4 years and he was definitely a kind and sweet man. He would always refer to me as his "closing buddy" since we would always be the ones staying later. He even became part of our group called the "Jimmy's" (long story). James has definitely left an impact on my heart and will always cherish knowing him. I hope he is at peace and no longer suffering in any aspect. We will miss you so much here at Sephora and it will never be the same without you, at least not for me. Rest Easy my friend. <3

To all the family and friends of James: I worked in the same building with James and while my interactions with him were brief, the word that immediately comes to my mind when I think of him is: "kind." In my conversations with him he was soft-spoken (and a little shy) but would light up when I said "good morning" or stopped by to ask him for help or to get a question answered. In a warehouse where everything seems to be going 100 miles an hour, James was calm and patient with people, and I was always struck with how gentle and kind-hearted he was. I am so sorry for your loss; he was a wonderful person and will be greatly missed.
