My condolences to all the Alvey's, and to all the rest of us who will miss Jim's smile, hearty greeting, and welcome presence. Since getting the news of our combined loss, my mind has carried me back thru seventy-five years of shared times. I am so lucky to have had this friendship. Thank you, Judy, for keeping me in your contact list. You will always be in mine. Sincerely, Barbara Jensen

What great memories we have of Jim when he crossed through our lives when he lived in Roosevelt, Utah. Those memories include family outings, camping, cooking around the campfire, singing, fun and games and pranks. He was my parents age but he never failed to include me as a friend and for me he was a great mentor. How blessed we all are to have known him and his family. Our prayers are with you.

Judy, I'm sorry to hear of your husband's passing. I will always have fond memories of the many years living next door to you, your parents and the rest of your family. My most cherished memory is being visited by James and Jeff to make parachutes for them when you came to see your parents. Heaven has gained a great man. Steve

Dear Judy, we are so sorry for your loss. What a character that sweet man was. A joker for sure. I'm sure this is such a sad time for your family. You both mean so much to us. Our love and prayers are with you.

What a marvelous man, husband, friend, neighbor Jim has been. Hay certainly blessed my life immensely. He was so kind to build our deck and build the nearest looking shed in our backyard and build a new garage for us to turn the whole garage into a great family room for our kids in high school to have gatherings. His smile not only filled the room but it filled the whole house. I just keep thinking of the word marvelous about how both Jim and Judy treated everyone and what wonderful blessings you were and are to us in our lives. God bless you Judy and all of your children and grandchildren

I loved coming to your apartment in Elbasan for dinner and FHE. Elder Alvey always made me laugh with his bad dad jokes. He had a way of making you feel loved and special, like I was one his own kids.
