Very grateful to have got to know Jamie! So much fun talking about everything and enjoying the banter sessions and three coin games at work. We especially loved our annual Christmas social dinners and talking about life and family. We send our love and sincere condolences.

Christine, Baylee, and Taylor, how blessed you were to have an extra year with such a wonderful husband and dad! We want you to know how much we enjoyed his friendship and opportunity to work with him. He always brought a smile to our faces, a laugh to our lips and a good time when we were together. He will be missed by many!

I went to school with Jamie growing up and we graduated the same year from Wasatch High. It was very apparent to me how smart he was, but we knew grades weren't his thing because he joked about it. One day he joked that he always tried to hit the D- because it took skill to make it in the small percentage range between a D and F. He was so hilarious and a definite light in our class. My condolences to the whole family.

Jamie, Thank you for the example you set for my family; that no matter the struggles, each day, each moment, and each breath, is a gift to be cherished. Your devotion to your family and your love of life has been so admirable and we are lucky to have witnessed it! Your optimism and grit was truly awe-inspiring. Thank you for raising such beautiful daughters that have always been such a positive light in our (especially Brielle's) lives. I will forever applaud your sweet wife for the selfless and positive person that she is; that too has been a life lesson for me and my family. Thank you for allowing us to be a small part of your lives for all the years. We promise to continue to be part of your family moving forward.

Dear Mayoh family, I wanted to express my sincere condolences to you all upon hearing of Jamie's passing. I worked with him at L3 for several years. I have since left L3 and did not hear of his passing until now. He kept us all on our toes, and was good for some thorough discussion or even deep debate when needed on a project. Wishing God's blessings on you all. Sincerely, Shane Franz
