Dear Ones, How I love you Ruth and your crazy wonderful kids. Jim, I know you can now be with your family being whole, able to send your best love to your dear Ruthie and your fantastic children. I promise to keep watch also over my dearest friend, Ruth until she joins you. I've loved knowing your family all these years and know that Heavenly Father will comfort those grieving. You have been like family to me, as Ruth and I shared our kids escapades and triumphs, and of course yours too Jim. Love to you all. See you soon in forever, Ruth
