

James N. Berry

May 19, 1930 ~ September 11, 2022

Max (Robin), Don (Millie) & Lee Ann, I am sad to learn of uncle Jim’s passing. Hugs to all of you. I love you all. Love Linda Nelson

- Linda Nelson

Max, Don, and Lee Ann, so sorry to hear of Uncle Jim's passing. You are lucky in a way that you did get to spend a long time with him. We always looked up to Jim for his life accomplishments. I wasn't too surprised to hear that he passed on 9/11. I have to share a little information. When my mother passed, Uncle Jim spoke at her funeral. Lila was sitting behind me and we took bets on how many times he would say "fire". We counted 4 times. He will be missed by us, but I'm sure he is happy today.

- Carey Yates

It was a privilege to know Jim. The first time I met him was at a pump test. He quickly became one of my favorite fire service educators. His sons have carried on a great fire department legacy.

- Reed Scharman

James was a great help as Board Member at the Utah Stat Fire Museum. Jim you will be miss by ALL.

- Robert D Harrison

Don, Max and all of the Berry family. I was fortunate to be over fire apparatus for 23 years. During that time Jim and I had a great friendship. He was one of the kindest men I have ever known. Always willing to show a new engineer how to pull a draft and how to improve on their skill set. He dedicated his life to service and we are all better for it. You and your family are in my thoughts and prayers. Rest east my brother

- Kent Robertson

So sorry for your loss. He is with Lila now and happy. We will all see him again. God bless your family! Love you guys.

- Donnel Jeanette Murphy
