I loved Jim's cheer and optimism as we shared music and army stuff in the guard band. I'll miss seeing you at the Tab Choir and Orchestra events. Fun memory: Jim and three others in the vocal quartet gave a short impromptu street concert in Heidelberg, Germany. They drew quite a crowd.

I have so enjoyed our friendship with the Marsh family. Jim was such a fun guy to hang with. His laugh and fun personality were infectious. Whether he was putting around the neighborhood on his scooter or working on his wood projects he was just so much fun. I will miss him. Our thoughts and prayers to the Marsh’s.

Dear Marsh family, We have such great memories raising our families together in Kearns. Jim & Jan are people we have looked up to since the first time we met them. Such great examples of how to raise a family! Those girls were such a great part of the lives of our children! Our paths in life have taken both of our families away from that neighborhood that we loved so much but the life lessons we learned there have carried us through the passing of time. You have our love & sympathy as you navigate Jim's 'graduation' from this mortal challenge. We cherish every memory & interaction we have had. What a great man! All our love, Jon and Jenae Talbot & family

Dear Jan and family, It is with a heavy heart we express our sympathies with the passing of you beloved Jim. May you be filled abundantly with the spirit as you gather as family to honor and reminisce of the wonderful life of your husband, father and grandfather. May your tears of sorrow turn to tears of anticipation as you continue to gain an eternal perspective. All our love, Gary and Pam Anderson

We have treasured memories of the Marsh family. We loved being part of the kids' teen years. As new church members we were impressed with Jim's leadership and many talents. He was full of energy and fun! (We said in 1970: this church has fabulous youth like Jim Marsh!) we send our love and prayers to each of you.

I just learned of Jim's passing and now have a hole in my heart that will always be there. I loved Jim and his wise counsel as we worked together in the 23rd Army Band to make it a better place and organization. His French Horn playing was spot on. His ability to see what needed to be improved and then reach out in meaningful ways to get that change to happen was an example I follow. His "hosephone" playing during "Sempre Fidelis" forever changed my perception of what a brass player could do. His "reality-based" faith always made me think about what I found meaningful and important. Jim and Jan's enduring devotion to marriage, family, and community set a high bar for their children and posterity. I watched their family grow through sadness and joy and suspect they will always be a part of my life. Mike Cottam
