

Jan Upwall

June 11, 1939 ~ August 14, 2023

I will miss our “chats” as he would stop by under the shade of our blue spruce tree as he made his way around the neighborhood on his walks. A very kind man indeed.

My condolences to the Upwall family. Donna and Jan were always kind. I hope you find peace in their reuniting. God bless.

Brother Upwall was in my ward here in Kearns, UT. He was always such a great guy to be around. I have only been his Bishop for the past 11 months, and only been in his ward for the past 2 years, but I have always been so impressed with his willingness to keep going. He would come to church with a smile on his face. He had a great testimony or Jesus Christ. I know the gospel was special to him. Even when he struggled to walk he was at church participating in learning more about his Savior Jesus Christ. A few days before his death, I went and visited with him in his home. He struggled to speak, but he still seemed so positive with everything going on. In his home we talked about the things he had on the walls and laying around. They all pointed to his family. I can tell he loved his family very much, and they were a big part of his life. Jan was a great friend, and he will truly be missed. I wish I had the opportunity to get to know Jan a bit more. He will be very missed in the ward.
