

Jane Eleanor Swope Page

September 4, 1927 ~ January 26, 2021

We loved your mother! As a neighbor to Terry We could see her at Terry's helping with Megan and Thomas and the yard . She was a caring mother and Grandma! I miss the good talks we would have sitting in the yard watching Terry and her Dad work when she go older.

- Julia and Ron Johnson

I have so many wonderful memories over at Morris and Janes' house while hanging out with my good friend Steve growing up over the years. Jane always treating me like one of her kids and was so kind and patient with us rambunctious boys. We will truly miss her and wish our best to her family as they work through this difficult loss. We love you Page family!!

- Craig and Desi Lewis

Dear Friends, Listening to all those that participated in the services yesterday brought many good and wonderful memories rushing back to me. My first recollections of her "Jane" and Morris " I cant think of Jane without thinking of Morris" started when I was a young child. I don't recall calling them by their first name, I always called them brother and sister Page. My family would go to their house and I would play with their children in there back yard, while my parents visited with Jane and Morris in their front room. My father considered Jane and Morris some his very best friends. Because of that association between them and my parents their family became some of my best friends. We spent many years meeting with them at their cabin. We went fishing and hunting together. They had a very interesting alarm clock at the cabin, it would wake us up early on the morning of the deer hunt. Those who have stayed at the cabin probably remember it and its very unique bell. Jane always made wonderful breakfasts, packed delicious lunches and yummy dinners. I do apricate all the kindnesses that both Jane and Morris gave to me and my Father. I consider Kathy, Teri, Marcie and Steve as my close friends. I send my condolences to all of the family and want you to know that my life is better for knowing Jane and Morris and their family. May our Heavenly Parents, Jesus Christ and the Holy Ghost be with your family and comfort all of you. I know that your Mother is in Heaven, and she will also be looking over all of you... Love Jimmy

- James F. McCrea Jr. "Jimmy"
