Janet was such a loving, kind person who loved unconditionally. I am so sorry for all those that will mourn for her loss. Losing a loved one is so hard. My heart goes out to all of you. I love this family and know that you will be okay because you have each other to lean on.

Deeply sorry for your loss. I only cared for your Mom for a short time. She was very sweet and giving. She made you feel important. She will be greatly missed. My condolences to her family.
