Clyde and family We send all our love and sincere condolences on the passing of a dear friend. We know that Jan was a wonderful wife, mother, and grandmother. She radiated kindness to all who knew her. She will surely be missed as a friend in the Ogden Group, as well as with her many friends and family members. Jan was the most generous friend with her time and talents. She will be surely missed. We have fond memories of being with Clyde, Jan, and Reed when were invited to spend time together in your lovely home in Island Park.. We cherish our great memories of a loving, truly charming friend. She will be missed. Sincerely, Lawrence and Noma Bowman

I would like to give my condolences to all the family, I would like to say I will always remember Mrs. Janet she was funny and I can forget she love having a coke or hot chocolate. Getting to know Mrs. Janet and becoming more than her housekeeper was a lot to me, seen a smile on her face was the best. It will be hard to passing by her room and she is not there and specially today was cleaning day. I thank the family for letting us get to know Mrs. Janet may god be with you guys.
