I am so saddened at the passing of my dear friend Janice, she was truly a kind sweet soul. I worked with Janice in the finance department formally known as Weir Specialty Pumps now Trillium Flow Tech USA. For about 20 years. I want to send my condolences to Jaice's daughters and son and the rest of her family which she loved so much and talked about .We can be rest assured that Janice is now truly happy that she’s back with her loved one Mike. Tell we meet again Janice I love you! Your friend Sharen

I was so sorry to hear of Janice's passing. I was able to work closely with her for many years at Weir, and appreciated so much all that she did for our company, and for me personally. Not only was Janice a great worker, but more importantly she was a great person. Her attitude and personality were a great example to all of us in how we should treat others and live our lives, and I have missed being around her the last couple of years. Please accept my sincere condolences. My thoughts and prayers are with your family.

I am so sorry for your loss. Janice was my boss at Weir for a number of years. She and I became not only business associates but friends over the years. She was the kindest person I know. It was a privilege to have worked for her and to have known her. Remember all the fond memories of her. She will be in your hearts forever.
