

Janice Duke Fisher

November 28, 1938 ~ October 22, 2024

Wishing the Fisher family love and prayers. Mrs. Fisher was such a great example to us all. Her life was spent uplifting and making a difference in our communities.

- Julie Fraser Sandoval

I am so sorry Kirk. I know what it's like to be an orphan, and you miss them every day! Your Mom was quite a woman and very successful. Her biggest success was her family. I know my mother sure thought a lot of her. Again, my heart goes out to you and your family. ♥■■■ Tammy

Janice was on the City Council when I worked for West Valley City. I always admired her dedication to the City.

- Elliot Lawrence

Janice was one of the finest, kindest, caring people I have ever known. She worked hard to serve the citizens of WVC. She was one of the best Councilmembers I ever served with in any city. She welcomed me to WVC and made me feel at home. She even had Barry come over to explain to me the box on the top of our house. He showed me how to get the swamp cooler working and shared why it would work. Janice cared deeply about people and esteemed everyone her equal. Memories of Janice bring warmth and joy to my heart. She was the best!

- John C. Patterson

So sorry to hear of your passing. We love you Janice. You were the awesome mom a couple doors down!!! Trying to keep all the neighborhood kids out of trouble. You were a great example to others, in many capacities. Letting your light shine through service to others daily. Your hard work was a blessing to many. What joy is yours as you reunite with Barry, family and friends. You will be missed♥■■♥■■♥■

Wendy, David, & Kirk: The Eldorado DUP camp Janice served as this group was founded announced your mother's death and funeral at our Nov. 11, 2024 meeting. I'm sorry to learn of your mother's death, but know she and Barry celebrated a joyful reunion. I met Janice just after we moved to our King Valley Road address when she became our son's Junior Sunday School Coordinator. It was my pleasure to work for her at the Cyprus Ice Rink covering the Thursday night City Council meetings. She set a great path for future female city council reps because she knew that being first to vote gave her a chance to be the last to vote instead. She was the deciding vote on many important issues. I appreciate the way she served in the Utah House of Representatives for my area. We didn't always agree on all issues, but I felt listened to as we discussed issues being considered by the legislature. She also was willing to fight to maintain a bus route commuters were using near Hillside Elementary and the West Park at 4100 So. 6000 W. UTA cancelled the route anyway, but her efforts showed she cared about the people she represented. I'm proud to call her my friend. I'll miss her. May you have the peace of knowing how much she's influenced the lives of people she represented.
