I did not have the honor of knowing Jaxen in person, but I found him and your family through Brielle and have followed you since. Mi corazón duele por toda su familia, mis más sinceras condolencias, el mundo perdió a un niño hermoso, noble y con un gran corazón por una enfermedad que parece no importarle lo suficiente a nadie.

Hello! My sincere condolences. I've been following you for a while, and it's been a truly sad time for me, thinking about Jax and your family. "Two of Us" is a song I recommend. May everything be as pleasant as possible. Lots of love, greetings from Argentina.
