I was fortunate to attend high school with Jaxon in California. He was truly the funniest and kindest member of our friend group, always bringing joy to those around him. I am deeply saddened by his passing and extend my heartfelt condolences to his family during this difficult time.

We love Jaxon! We had the privilege of getting to know and enjoy Jaxon as he and our daughter Mattie grew up together in southern California. His contagious smile, sparkling, inquisitive eyes and that coveted curly hair drew us to him. But it was Jaxon's pleasant temperament and gentle nature that set him a part. We soon discovered we shared a love of history and wanting to travel to wonders of the world. I am so glad Jaxon got to do some of that "dream traveling" in his short sojourn of mortal life. Jaxon was the oldest in his family, Mattie the youngest. Jaxon had a strong sense of responsibility and helped care for his younger siblings, and watched out for them. Mattie would help him. We are better people from having had Jaxon's sweet influence in our lives. We know he will continue to grow and learn in the next life and we have no doubt he will continue to watch over his siblings and parents whom he loves so deeply. May the sweet memories of Jaxon and the gift of the comforter carry you through this difficult time. We love you Steve, Rondi, Madison, McKenna, and Andrew. We are here to cry with you, hold you and help you through this healing season. Our Brittany, Mattie and Lindsay will be at the funeral to represent the Ball family. Much love and our deepest prayers to all of you! Tanya Ball

Rondi and Steve, I don’t even know what to say or how to possibly put into words the horror that I feel for you and the sadness in my heart. He was a beautiful boy, and I couldn’t possibly try to say anything to comfort you other than I understand what the pain can do and it hurts so deep. You will be in my thoughts always. I’m happy my mother didn’t have to hear this news. She loved you all so much. Deepest sadness, Linda
