Hello Earl family! I want to extend my deepest and sincere remorse for your family. Having read the bio posted, Alex was a tremendous young man and his life and dedication to that which he loved is inspiring. The Bible says to weep with those who weep. I want you to know that my heart is heavy for you all. I will be praying for the peace of God that is beyond all comprehension and for His sustaining grace as you grieve the loss of your son.

Hannah, Even though we've never met I know of you and your precious family through your mother who has been a close friend from our early childhood on. Through her I feel like I know you through your mom's intense pride and love for you and your family. My sincere condolences to you and to the Earl family and I pray that you are able to find peace from the deep love and sweet memories that you have been left with. Your husband was so young but I believe that God brought him back home for reasons that we don't know or understand right now but one day we'll

all be brought back together. My prayers go out to all of you.
