I met Jean at BYU. We were roommates and friends for decades. She could always make you laugh and we enjoyed many walks. I will miss her, but am so grateful for the memories. Without Jeans help I would have never been able to keep my children with me, and for that I am eternally grateful. My deepest condolences for your loss.

I was so deeply saddened to learn about Jean's passing. She was such a bright presence in the neighborhood, and I have such fond memories of our paths crossing. I'll always smile thinking about running into her and Bean while I was out walking Lebowski. Some of my favorite memories, though, are the times Bean decided to make a break for it! Seeing Jean flying down Coronada while Bean had the absolute time of his life running circles around us is a image I'll never forget. She handled it all with such spirit. She will be greatly missed. Sending you and Bean our thoughts and prayers during this difficult time.
