August 4, 1949 ~ June 7, 2024

Our thoughts and prayers are with you all. A life well lived is a life remembered with Love. As some people journey through life, they leave footprints where ever they go- footprints of kindness and love, courage and compassion, humor and inspiration. Even when they are gone, you can look back and clearly see the path they left behind. Even though she is no longer here with us, we will never forget her time with us. Love you so much.

I am so sad to hear of Jeanie's passing! We had a few conversations this spring and I so enjoyed hearing from her. It had been a long time since we had connected. I had looked forward to visiting with her again. I would really appreciate hearing from some of the family. I can be reached at 765-346-0200. Thank you!

Just before she left for Utah, we had a few visits to the local drinking establishments. Just because. She, a formidable wit, could make past any attempts at humor from me with statements guaranteed to make me smile. This was so much fun, we only stopped because she left the city. She was one of my “good people”, and got the reputation so easily, I had to look up topics prior to conversations. To offer condolences seems a timid response to her passing. So sorry she left my city, as there were several places we needed to see yet. Best wishes to those who knew her presence.
