Dear Watkins family, It was a pleasure to be just one part of Jeanette's life journey. What an amazing and accomplished life. I often wish there was more time to talk and learn more about the people I meet. I was heartbroken for her when she lost the love of her life and definitely could sense how this impacted her. May you be comforted in knowing that she was well regarded and one of my favorite people. My thoughts are with you ■■■ Viet Le

I was fortunate to know and visit your mom and dad for many years since they moved into Lexington village. I cherish the memories. Mike
