I knew Jeanne when I was a child. My dad, Blaine is friends with Brian and Jeanne. I remember her bubbly, happy, joyful personality. She could light up a room with her smile. Her and Brian were a dynamic couple. I remember a trip to Mesa Verde with them when they lived in New Mexico. She was the one who taught me how to make camp chili with Fritos! So good! My deepest condolences for her family during this tragic loss. You will be in my prayers.

We are shocked as we just learned of Jeanne and her passing. We are living in Illinois and so we are late on receiving the news. Brian and I grew up as friends in Rose Park and when we met Jeanne she was so sweet. We

had some great trips to the four corners area of Utah and Colorado. Also had some memorable trips to Moon Lake. We will never forget her zest for life! Our love and condolences to Brian and the entire family.! We hope we can reconnect in the near future. We are planning on moving back to Herriman Utah where we have a home. Best phone number to call is 385-227-4835 if you like to reach out. Love Blaine & Diane Anderson

Jeanne is associated with my fondest memories of AISJ. She brought joy to every day and every student. I am honored to have walked on the same campus as this inspirational spark. My boys remember her driving up in in her convertible and we were sure she lived every minute to its fullest. I am sorry for your sadness - I am sure you are overwhelmed with messages from around the world. Melissa

We were pals at Bloomfield High. Both the Tri City Record in Farmington and the Journal in Cortez, Colorado printed my memorial to her: Inspirational teacher Jeanne Howell mourned Friday, Sep 1, 2023 11:15 AM Former Bloomfield High School math instructor Jeanne Howell is gone. She was an incredible person that knew long before college as a girl what she wanted to be as a grown-up: a teacher. She always had this passion. She inspired both students and her colleagues with her attitude and energy. She loved her students, and because her love was genuine, many loved her. She had many interests, and hiking was definitely one of her passions. She was hiking the very popular Fairyland Loop Trail at Bryce Canyon National Park when a thunderstorm delivered heavy rain to the hiking trail. She was trapped, and could not escape. Jeanne had a beautiful sense of humor. She liked to dress up whenever she felt like dressing up, and her apparel was unique. For the BHS prom, she wore an obnoxiously shiny orange dress. In class she wore wigs, and she had an impressive collection. For one school event, she combined a large Afro-style wig with a multicolored muumuu. Her most notorious look combined a teardrop platinum wig with the point aiming at heaven, with a pair of black and white stripped stockings that did not compliment her skinny legs. She strongly resembled a former punker-chick girlfriend, but I digress. She loved sports, and as a Utah Ute alum, she rooted for the Utes louder than anyone else. She also mercilessly razzed Brigham Young University Cougars fans. She could discuss sports with professional commentators and hold her own, which was so cool! Jeanne, you were a blessing. I miss you! Joe Hubbard Aztec

My sincere condolences to your family. I am late posting this since I learned only recently of your loss. We maybe saw each other once after high school at Olympus, and I'm not sure Jeanne would remember me, but I remember her as having a great laugh and being quick to smile. Here are a few other things I remember of her. We had Kindergarten and 6th grade classes together at Cottonwood Elementary, she was a very good competitor in school playground games at recess time when that was not common for girls, and she took my male ego down a notch by beating me in an arm wrestling contest in 8th grade Spanish class! That was around the time Billie Jean King beat Bobby Riggs in tennis – and our Olympus Jr. High P.E. teachers had public bets on that. I believe she used to umpire baseball in my little league. I know her brother Mark used to umpire some of our games (Hello Mark! I was the guy with the submarine pitching style) and my dad, Bill Lemmons, used to coach at the time that Jeanne's dad, Vic, was, I think, in charge of the umpires. My mom remembers Jeanne's family as very nice and thinks Vic and Bill golfed together at times. By coincidence, I too used to live in Papua New Guinea but as a Peace Corps volunteer from 1989-91 near Mt. Hagen. And coincidentally I taught high school for 28 years, but I taught English as a Second Language and always in the U.S. I was going to send you a few old elementary school class photos, but I can't upload them to the Larkin condolence site, and I'm guessing you have them anyway. mwason89@gmail is my contact if you would like electronic copies of those photos. Again, I am very sorry for your tremendous loss.
