I had the opportunity to get to know the family and live with them for a month the summer I was 20. I had so much fun! I grew up in a small family and "Sister Hardy" was my inspiration to have a large family. She was truly an inspiring woman in my life and an example of a loving mother. She will be greatly missed.

Our kind and loving, Jeannine. It was a privilege and a blessing beyond measure to have had you in our lives. A caring, dedicated mother to your own children— and to those of us whom you accepted as your own when our parents crossed the veil much too soon. Your joy was your family; the birth of a grandchild whose life you touched, or one of your numerous great-grandchildren you held in your arms. No doubt there has been immeasurable joy on the other side of the veil as you have been reunited with the multitude who love you and whom you've missed. Thank you, Jeannine. The warmth of your love comforts us. The blessings of your life will last us until we meet again.
