I am deeply sorry on his loss. JP was a remarkable business person whose legacy will continue to inspire many. Elly - Please accept my sincere condolences, and may you find strength and comfort in cherished memories during this challenging time. His kindness, generosity, and leadership qualities likely left a lasting impression on everyone he encountered, making him beloved and respected within his business circles and beyond. While his passing is undoubtedly a loss for the business world, it's his personal qualities and the positive influence he had on others that will be remembered most fondly. May his memory continue to inspire and uplift those who had the privilege of knowing him. May the soul of the dearly departed rest in eternal peace.

He was always my dear sweet JP I met him when he was 17 years old He was currently living in Roosevelt at the time. We formed a friendship that was more of a mother son relationship. JP was someone that I believe God directly brought into my life. He knew I loved him unconditionally JP touched so many hearts and lives. He truly was a special person I will rejoice when I see his beautiful soul again. Until then the world has a very empty spot for me. I love you JP and I am sending love to his daughter and loved ones ♥■
