

Jerry Lee Palmer

August 18, 1933 ~ December 10, 2021

Jerry Lee Palmer was a wonderful friend and member of Sacra Dolce Chorus, a choir and social group from the 1950's and he remained active at the senior group events until the recent pandemic. We will miss you Jerry with your positive happy smile and friendly caring for others. We know you will be happy to see your family and friends that have gone before you. We will all look forward to meeting and being with you again someday.

- Kathleen Easter, Friend

I was saddened to learn of Jerry's passing - my thoughts and prayers are with you all - I was not able to break away from work to attend the service but was able to listen in virtually - what a beautiful tribute! Jerry was a great neighbor - we had a wonderful life growing up in that neighborhood - so many great people and so many memories… I always remember his kindness and gentle demeanor. May you all find peace and comfort during this time off sorrow.

- Leslie Drachman Eatchel

Dear Carlene & family, Dave and I enjoyed knowing Jerry and associating with him in the Grant 12th Ward. Jerry was a personable man with many talents and abilities. I'm sorry I didn't know when his funeral was until I just found the information tonight, the 18th. I have empathy for you since Dave passed away in April of this year. I pray for you to receive the comfort and peace that is found in the Plan of Salvation. My sympathy and love, Gerri Coombs

- Gerri Coombs

Carlene I always find it difficult to write a condolence message. I know from Anne and Mark that Jerry has been having problems for awhile. It is always good for us to remember the times we have shared with your family. We are sorry for your loss, but Jerry is doing fine now. I want to share something I have learned about people on the "other side". They are not very far away. Occasions may arise when you need some special assistance and Jerry will be able to give you guidance. I peak from personal experience with Janet. We send our love. Bob and Diane
