

Jim Larkin

May 25, 1941 ~ November 11, 2020

He was more than a fixture in Salt Lake City, he was a kind man that grew more compassionate all those around him with each passing day. May he have taken a heart of gold to heaven. My condolences to Vince and his family.

I was so surprised and so sorry to see that Jim passed away. I will always remember Jim's smile and what a great man he was. My condolences to Jim's family and you can be proud of him as he contributed a lot to our community and lives.

What a beautiful tribute to your father. He was a very kind and loving man. This I know from the short amount of time we had to know him. We offer our sincere sympathy to your family.

We enjoyed our visits with Jim whenever he visited Vince in Seattle. We have fond memories of his wonderful demeanor and great sense of humor. One of note is when we were teasing him about how he was tracking his flight using his stop watch which lead to "no wonder you're a figure skating judge". He had a meticulous way about him and was such a gracious and loving man. Our thoughts and prayers go out to all of Jim's family during this difficult time and we look forward to giving you big hugs when we are able to. Stay well.

I'm sorry to hear of this, my thoughts and prayers are with each of you - "the Larkin Family" As a teenager, growing up and living in the mortuary on South Temple and later working in the business, Jim always treated me with kindness and respect. We often talked about cars and the things I enjoyed doing. "Jimmy" - as my mother always

called him, use to be so helpful and caring to her over all the years. God bless all that are saddened by Jim's passing.

On a cold day in November Jimmy's dad asked if he wanted to go across the street to see Dr. Cannon's new baby. Jim was only 5 yrs old and didn't have much interest in babies but he went anyway. That was when I met the amazing Jimmy Larkin for the first time and that began a lifetime friendship. Jim was always there when you needed a good laugh or just a good friend to listen.....always. My heart goes out to his wonderful family, Alice, Vince, Jayson and his brother Lane. Louise Cannon

I'm very sorry to learn of Jim's passing. I was fortunate to play golf with Jim for a number of years, as well as having him as a guest presenter in my gerontology classes at the University of Utah. He seemed to really enjoy interacting with my students. I appreciated his friendship.

Jim was one of my favorite friends in jr. and senior high school. He was always happy and a great communicator. I remember seeing him in San Francisco while on my honeymoon. We had a wonderful time. Condolences to Alice and family.

I'm so saddened to learn of Jim's passing. A memory I would like to share: as a sales representative for the convention bureau I went with Jim and Alice to Hyannis to bid on the US Figure Skating Finals to come to The Salt Palace in Salt Lake. I spent time with them the evening before the bidding process. I remember most all of that conversation. I had recently lost my husband Ron Bleazard. Jim officiated through that process and I don't know what I would have done without his care and gentle presence. Our conversation that evening consisted of not only planning our bid presentation, but Jim and Alice giving me such sound advise. They knew I was muddling through the grieving process. I will always remember their words of kindness and encouragement. Oh, and Jim was successful in securing the Finals for Salt Lake. He did a bang up presentation! To the Larkin family I offer my sincere condolences. What a wonderful, wonderful husband, father and grandfather you have.

I'm sorry to hear that Jim's journey on this earth has ended. He had a very involved life affecting many others. My best wishes to the entire Larkin family.

We were so sad to read about Jim's passing. It sounds like he went through the worst to get out of this existence. We have so many wonderful memories of the family there on Westminster Ave. (By the way, our house has been re-done and is now two stories high.) We wish we could talk with all of you. If you ever have time, we are at (801) 581-1396. We are just very old! I have thought about Jim when he told me that he had never done a funeral for a "BAD" person. Thank you for being wonderful neighbors. Janet Griffin and Paul too!

I met Jim earlier this year when I started working at Alta Ridge Memory Care and was drawn to his cheerful disposition and firm grip, which was quite hard to get out of. He loved when I would dance with him, my dog, Zoey, balloons, hugs and especially Jen Kilpatrick. He will be missed by all here. Many blessings. ■ ■

Jim and I skated at Hygeia Iceland from 9th grade through high school. We were a merry group: Babs Baker, Anne Middleton, several others whose names are gone now...but the most wonderful memory I have is going to the Pacific Coast Championships with this group. We went on the train and met Jim and his dad in - I think it was Los Angeles. He drove us around in either the hearse or the car that follows the hearse: 5 or 6 of us, all in Ninth or Tenth grade, almost all of us competing in one junior class or another (I went along to clean skates....I didn't want to miss the fun). Many years later, we found ourselves in Sun Valley. Jim asked me to dance with him, and I felt so very fancy doing the American Walz with him. He was so good! My Salt Lake pals did not know I knew how to do this stuff. They were most impressed. Lord, we had such fun!

Alice, we were saddened to hear of Jim's passing. Besides growing up just down the street from Jim on 20th East, Cathy and I enjoyed living near you and in the same Butler 1st Ward for many years. We enjoyed seeing your boys grow up here also. It was fun talking to Jim about those who lived in the Monument Park 2nd Ward and seeing him at several funerals of people we grew up with. May you find comfort in the many wonderful memories you had together.
