Dearest Joanie, we all love you now, and always. Thank you for your friendship and love for so many years, back in West Valley where we grew up, and later in life for me as your daughter in law. You were a special lady, and a beautiful person. I loved walking the dog, or riding in the golf cart at the cabin. You introduced me to all your neighbors...you were hands down the best cook I ever knew and you were a great Mother. I love you now, tomorrow, and always. God Bless, love Pam and kids.

What a sweet lady! She was always so easy to chat with when I would see her in a store, etc. ■■
