Bill, I am so sorry for your loss. I loved seeing you and Joan walking down the hall at Ashford. I love talking to the both of you about the Utes and getting your opinion, and then Joan would say, "Oh Bill". I will miss Joan, she was beautiful, funny, and loved her family, but mostly you. I'm glad I still will get to visit with you. My thoughts are with you, Lisa (Ashford Receptionist)

Dear Steve, Wade and entire family, So sorry for your Loss. I did meet your mother the one time when I came over to dinner at her house. She was so nice to me . It was a nice dinner and a lot of fun. She seems like an amazing woman who raised some very fine children. You can be proud! I wish you a lot of peace, Solis, and comfort. May God be with you! Love and good wishes from Beverly Willardson
