Hannah was such a bright spirit! I had the privilege of being her schoolteacher years ago. She will be missed!

Johannah, we all at Daybreak Academy thank you for the incredible music program you put on during the past 5 years for so many students. You have impacted so many children and their families with your love of music, talents and abilities. You are already so missed and we are sending all our love to you and your family at this time.

- Ashley Corthell

Hannah was always a laughing loving kind soul, I was in the same class as her in the good works academy school, we also performed in a couple plays together, she will be missed, it’s just a tragedy all that she had been threw.

I'm so sorry for your loss. She was such a beautiful young lady and brought so much joy to others, especially through her music. I'm sure she'll continue to share her talents on the other side. May the Lord bless and comfort you at this time.

I am so sorry for your loss. What a beautiful girl. My brother was involved in that same accident. He was in the car that was a head of hers. He barely escaped death himself. The person that caused the accident hit the driver side passenger door and took off the whole back end of his car. It was inches that missed hitting him right in the drivers door. He’s k lucky to be with us today. I sure wish you had that same luck . We are devastated by all what happened. We feel so bad for her and all of her family members. Our thoughts and prayers are with you.’
