

## John Anthon Dahlsrud

*March 1, 1951 ~ August 30, 2025*

---

I worked with John and he had a smile that would light up a room, we listened to 60's rock music together outside of his last home midtown Manor, I enjoyed being his friend, CNA, he became like a older brother for me and I was heartbroken to hear the news when I came back to work after having days off, I couldnt stop the tears from falling from my eyes, he was like no other, it was an honor knowing him and I miss him so much and wish i had more time with him, I love you John and you are greatly missed, you always kept so positive and so independent R.I.P
