

John Edward Twitchell

June 20, 1955 ~ September 29, 2023

Mariann, I just learned of the passing of John and I wanted to offer you my heartfelt condolences. I loved john the moment i met him all of those years ago in our biking group. He was such an inspiration to so many people. I have a lot of memories of trying to keep up with him on a bike and realized that was more difficult than it appeared. He will be missed. Im so sorry for your loss. If i can do anything for you please reach out. 801 450 3218

- David Gates

Merriann we were saddened to hear about your loss. May God guide you thru this difficult time. Thoughts & prayers to you all

So sorry to hear of his passing. I was with him roller blading Suncrest. Extreme skiing with him before it was a thing. Mountain biking the Slick rock trail on our Schwinns before it was a thing. Sailing our catamarans on every lake in all kinds of weather. In the spring, we would do a gentleman's triathalon when he had his Catalina 30 at the lake. 9 holes of golf, 4 or 5 trams at Snowbird, finishing with sailing at the GSL. He was my best friend for most of my adult life, and I will miss him sorely. Love you John, and love you Merrianne...

- Barry Paulsen

When my brother loses his best friend, I feel the sadness of this loss vicariously. I love that Twitch and Barry shared so many adventures, times, and stages of their friendship for life. A great person has left love and memories

trailing after him. My condolences to his wife and daughter, family and friends.

- Randy Paulsen

So sorry for your loss. John was/is a special man. When John set his sights on something he was like a dog with a bone. He wouldn't quit until he finished it to HIS satisfaction. He truly will missed.

- Richard Twitchell

Marriann, Tragic loss. You should have had many more adventures with John. We remember him from many beach camps as perpetually helpful, cheerful and a daring Hobie Cat storm sailor. Dave & Linda Allin
