John F. Elsholz

September 5, 1947 ~ March 3, 2022

Thinking of you all and praying for your peace as you move through this season of loss.

- Melissa Monner

What a special friend John has been. I appreciate his sense of humor and happy countenance, but most of all his testimony of Jesus Christ. John knew how to express that testimony, and I loved his lessons. He will be missed by all who knew him. Love and condolences to you, Jody, and your family

- Kathy Thomas

I'm very sad to know he passed away. I, dr Hamdan and he worked together friendly and with enthusiasm to the common project of F2 Solution. I will remember forever his honesty and competence. My condolences to his family

- Michele Brignole

John was a scholar of the Restoration, defender of the faith, caring teacher, and dear friend. I remember teaching with Keith Hansen at John and Jody’s home with Mark and Amanda. These were happy times of sharing and testimony. I remember profound lessons in classes. I know God our Father prevails and Jesus is our Savior. I bless Jody with peace and family with love and acceptance. Sincerely, Pete Peterson

- Mendel L. Peterson, Jr

Jody and family, so sorry to learn of John's passing. Denise and I have fond memories of our time associating with you in Mill Creek. You are in our thoughts and prayers.

- Mark Francis

Serving as a young missionary in Seattle 1978-1980, I had the privilege of being in the Elsholz home. While I was not actually assigned to their ward, and was only there 2 or 3 times, I have the strong memory of an exemplary young family with a kind and strong spiritual leader. I understood immediately why the other missionaries so loved and admired John and Jody. What an influence they had on many young missionaries, and what a great example John was to everyone around him. I came upon this obituary quite by accident and am taken aback by the sense of loss that I feel. The world was a better place with John in it. How blessed I am to know the things that he taught and lived so well. God Bless.

- Hal Anderson

I worked with John at the U and at eCardio. He was a true blessing and the best friend a person could have. I respected John for everything he stood for and the man he was. His love and admiration for his family and his beautiful wife meant everything to him. I’m proud to have known him and that I was able to call him my friend. The world lost a true Angel. God bless you John. My heart goes out to his family.
