Dear Jan and Family, So sorry for your loss. I never had the privilege of knowing John well, but I was so impressed with the postcards he sent over the decades. That, alone, was a nonstop act of kindness. Mike Bench and I ended up on the same flight one time to San Diego, and we sat next to each other — a big part of our conversation was about John, and Mike could not say enough good things about him. I was so impressed with what I heard, and I never forgot it. What a wonderful man! Thinking of you all.

I have such fond memories of him and his kind and generous treatment of others..pleas know of our family's love and respect for your family at this time of grief. May our Heavenly Father and Jesus love support you with the Holy Ghost's assurance that all is well in the coming days.

I had just spent a beautiful morning, mowing the lawn. I was praying the entire time. Thanking the Lord for this wonderful earth and the magnificence of it's creation from the breathtaking expanse of the universe and stars, down to the smallest of organisms in the minuteness of every detail, when I heard of John's passing. Immediately I dropped to my knees and added "And of course, the creation of man,..... and thank you Lord that I was blessed to know and admire an extraordinarily beautiful Christlike man like John Reese. God bless his dear family." I've thought a lot about my reaction since and still believe that John was surely one of the Lord's choicest creations. May we all strive to become like him!
