My sincere condolences Linda! My heart goes out to you at this time. I am so appreciative of the time John took out to show Anthony his collection. I know John struggled so much these past years and I am glad that you were able to send him off in a peaceful way on his terms. He is at peace now and always with you. All my love, Michelle.

Dear John: We will greatly miss all of your fun stories, and advise about baseball and basketball of how to improve the game. We also will miss the fun toys you pass down to our boys. (We love the push button sound maker). Linda we wish you love and peace to know you have done everything in your power to make sure John was comfortable and as happy as Iohn gets over the years. Just know that he loves you so much and always will.

Dear Uncle John I love you. You were always our biggest fans as kids. You had the ability to captivate us with your in depth knowledge and story telling capabilities. We as kids bragged about your hobbies and wished we could

have an ounce of your skill. A visit to you and Aunt Linda’s house was always met with anticipation and excitement because of the exotic world you exposed us to. I certainly cherish these memories and yearn to experience them just one more time if it was possible. Thank You for always being such a kind and loving influence in our lives. Long live your legacy along with a 2 liter of Pepsi! ❤■❤■❤■
