Hello Jan and Family, We were so sorry to hear the news about John but know now that he is in a better place. You and John were the best neighbors and we cherish the memories of you and your family being across the street. We will still do our best to keep in touch with you and please feel free to stop by our house any time you are ready for a visit. Oh - and yes.....John did fix up Susie Rose on our kitchen counter after she fell on her mountain bike. RIP John!!! Your Loving Friends, The Rose Family

Jan, we are shocked at John's passing. At the cousins' family get-together that you and John arranged on June 11, 2021, we suspected John was suffering from dementia/alzheimer's, at least he was showing some symptoms. I am familiar with it. Last year I was diagnosed with Dementia and Parkinson's last year. Nancy drives, and I ride along as the navigator, complaining about her driving. Based on that, Nancy feels that I've had Parkinson's and Dementia for a few years. My brother Mark was diagnosed with Alzheimer's last year. We will be contributing to the Alzheimer's Research Agency here in Tucson.

Dear Jan and family: at this time we send our deepest thoughts of love for you and John. We have been blessed in our relationships with you both for nearly 40 years in our associations with you both in church, music, business and friendship. Our lives have been enriched in so many ways by you both. Your love and kindness will be part of us forever-we will miss John. We pray for arms of comfort to surround you and your family at this time. Please know how much we love. And care for you Jan. Sincerely Paul and Karen
