

John Scott Miller

August 22, 1935 ~ August 8, 2023

I worked several years for John, I have a lot of good memories.

- Tom Willard

John and I were peers at Chrysler Financial when we first met. Our friendship was maintained after we both retired. I know he was crushed after Joan passed as he only had eyes for her. He loved his children and grandchildren as they were often a topic of our frequent talks. He probably was lousy at showing his love but family was IT for him. I will miss him terribly.

I worked for John in the L.A.Zone office and spoke to him about 2 months ago. We tried to stay in contact every few months. When my husband and I were moving to St. George he and Joan took us to lunch. He was a hard working, kind and caring man. May he rest in peace forever with the love of his life, Joan..
