

John William Price

March 24, 1951 ~ February 21, 2022

I grew up with John and his family in West Jordan Utah. It was a time of many ward and Stake activities as well as just being good neighbors with each other. We helped each other through the hard times and celebrated the good times. I fondly remember working on the welfare farm picking tomatoes or hoeing the vegetables to keep the weeds down. I always looked forward to going because I knew John and his family would be there. My best friend growing up was Johns sister Janet. I learned a lot of different things from each of the brothers and sisters. It was a fun place to be. I spent a lot of time at there home where something good was always going on. I remember Johns love for music and the out of doors. He loved going to church and participating in the activities. Through the years his testimony grew by leaps and bounds as well as his love for the Gospel of Jesus Christ. He loved to share his knowledge with everyone. John has made his mark in the world through his kindness, love for his family, musical ability, genuine love for life, and most of all his Christ like example to all wherever he went. He won't soon be forgotten. I had the opportunity to watch the funeral. I was certainly touching in every way. The speakers paid a loving tribute in many ways. He can be so proud of his sons and the wonderful job they did. The song was wonderful as it paid tribute to John. He and his wives did raise a wonderful family. John price was honored today... his memory lingers and not forgotten as he leaves his humor, wisdom, musical enjoyment, knowledge, love for his family, and most of all his firm testimony as well as many other talents and abilities to help us here on earth to prepare to meet with him once again beyond the veil. We all look forward to that special day and rejoice with him now as he meets with those who have gone on before. As I came to the viewing last night, my heart was filled with love as I was greeted by the Price family . It has been about 40 or so years since I had seen most of them and they greeted me with a big smile and a hug or handshake. We exchanged a few stories and time turned back for a few minutes, the bond has grown stronger over the years. Knowing the Price family has been a true joy!
