February 6, 1950 ~ August 29, 2023

I give my condolences to my Aunt Cheryl she lost a piece of her that day. My cousins, I am so sorry I cant be there; know I love you all and my heart breaks. You are all in my prayers. You are missed already so much. I wish i could have gotten to spend more time with you. Ill never forget your laugh and how you made me laugh when I was a kid. Even though you were so far apart I always felt loved. You were an Awesome Uncle. Xoxo

To my special cousin I wish I could have been able to see you again but God had other plans for you. I will miss your sweet texts that you would send me I go back and read them and have a good feeling for the rest of that day. I love you and will miss you go ride in the clouds with your horse. Praying for the family
