

Jon Wayne Williams

December 9, 1957 ~ August 22, 2022

We loved Jon and his quiet, caring personality. He always had a smile on his face. So young to pass this life. We send our love and condolences to his family.

I am so sad to here that Jon passed away . I worked for him at Homefront. He was so willing to help all the time . He loves he’s clients and the CNA S . He was a great man who will be dearly miss . Prayers to the the family at this time . May you have peace and comfort at this time . Love you Jon .

- Diane

I miss you already my friend.

- Leslie

I worked with Jon at Homefront. I was a bit leary when I found out that he was buying the company and had no experience with home health. I soon found out that not only was he one of the very best CNA's I had ever worked with, but one of the most Christlike, kind, happy, friendly, caring, loving, honorable, compassionate, gentle, hardworking, giving, empathetic, and sympathetic, people I have ever met!! He invited me to lunch and offered to buy me a pair of shoes and socks, because he was worried that I couldn't afford to buy them myself. I politely explained that I hated shoes and I only wore flip flops. He never allowed anyone in the company to work overtime, because it wasn't cost effective, except me. He knew that I was a single momma with 4 kids. He was always asking me if I needed anything for myself or my kids. One of my sons decided that he hated school and wasn't going to go. He ultimately landed in juvenile detention and then into a home in Idaho for troubled kids. I was devastated! Jon graciously allowed me to have Thanksgiving and Christmas off so I could go to Idaho to spend the holidays with my son. I had 10-15 patients that I took care of every day. Jon took amazing care of all my patients as well as his own for 3 days each holiday. When my daughter-in-law went into labor, he happily finished out my patients for the day, so I could be at the hospital for the birth of my grand daughter.He was definitely the very best boss that I have ever

had!! I love and appreciate all that you did for me, my family, my patients, and Homefront, Jon!! I will always remember, love and miss you!! ❤■

Jon managed “Home Front Personal Care,” a company we utilized over the years for my Father’s care and most recently care for my Mom until she passed in February, 2022. He strived to provide quality and compassionate caregivers for which I greatly appreciated. Jon will not be forgotten. Many blessings and condolences to his family.
