So many great memories with Jordan! Loved his dogs, his family, the lake and that boat! He was a good friend and a great colleague. His contribution to the overall team was incredible! His sense of humor will stay will me. I will keep his memory forever. My heart breaks for his family and their grief. Rest Easy, Jordan!

Our heartfelt sympathy to Jordan's family. He was our "go to guy" in technologies to get help with our computers. He was always there with his willing smile and successful help. He leaves a big "hole" here at Amex. I am glad I got to be acquainted with him. May your great memories with him carry you through the lonesome times. Sincerely, Marian McGuire

I am just so sadden to hear about the death of my dear friend. Jordan and I worked together for several years at American Express and he was our team lead and always kept me laughing. He would invite our work group up to his cabin at Bear Lake for a guys weekend. He is the best of the best of people I have ever met in my life and I cried when I heard the news and still cannot stop thinking about him. I will miss you my dear friend. I will see you on the other side. Rest In Peace. John Norman

- John Norman

Love and miss you Jordo. I'll see and talk to you again.

- Preston Stelter

What a great tribute to Jordan. I've worked with him for a long time and got to know him a lot better after we worked on a project together in 2018. I consider him one of my good friends. My heart is broken. He always talked about his family and the good times you had. He told me about the family calendar and how everyone knew when they were supposed to be at the lake. He is such a good guy. I knew he had his ups downs. I'm so sad he is gone. I will miss our lunches, his "two Junes ago" phrases, our good talks, his good advise on car buying and everything else about him. I will never forget him. He is one of the best and one of a kind.

- Jennifer Hedman

I will miss the laughter and the kindness you have shown me at work. You will be truly missed. RIP my friend.

- Dawn Simpson

We send our love and sincerest sympathies for your loss. May the Lord be with you and hold you in the hollow of his hand during this difficult time.

My thoughts and prayers are with you all at this very difficult time. I worked with Jordan at Amex and he was always the 'go to' technology guy for any type of support. He was always fun to be around and while I may have been technically challenged, Jordan was always patient and supportive even when it was a user error. He always talked about his boat and getting away with the family and the great times he had. He will be sorely missed by all. RIP Jordan!!! John

- John McHugh

What a great write up about an AMAZING young man. He truly was one of a kind and would do anything to help any one, which he learned from his father I am sure. I always enjoyed my talks with him and to hear about how the family was doing, as well as what his next adventures would be. He is one that lived life to the fullest and knew the power and importance of family. My heart breaks, but I have an understanding of Eternal Families, and I am sure he will be watching all of you from above and will still join you at the lake.

I had the pleasure of being Jordan's leader for 6 years at Amex, but the true honor of being his friend. We have accomplished so many great things together. And we've shared many life lessons and laughs. I can still hear his calm voice, see his kind smile, hear his awesome laugh, and feel the warm hugs he would greet me with when I arrived at the office in SLC for a visit. I may have been his leader at work but often times he was leading me. And I admired him for that. The outpouring of condolences this week from around the world is a true testament of this great man. I appreciated his honesty and genuine kindness. Jordan was truly a special person and a wonderful man. I love you and miss you already my dear friend.

Still at a loss for words .... I'm heart broken and will miss my friend. Like everyone ... I wish I could rewind time and have one last time with Jordan. I loved talking with Jordan and sifting his knowledge about woodworking, DIY projects, boating, smoking meats, and Blackstone griddling. I will definitely miss his salty personality, open perspective to new ideas, his inclusive attitude, ability to make everyone in the room smarter, his jokes, boating snack bag, and eating his world famous smash burgers. I admire his generosity to others and his top class hospitality he offered. So many qualities I admire and hope to continue on in his legacy. To my favorite and greatest surf boat captain, ... can't wait 'til we ride together again. Cheers to the Captain

My heart is breaking for you guys. When I found out about Jordan I just cried. Jordan made me laugh whenever I was around him. He was always the life of the party. Always so generous and willing to help out when asked, or needed. I’ve heard so many fun stories from Preston about their friend adventures. Jordan was just a great person. He will be missed so much, by so many. ❤■

Tammy and Troy I called Debi the day after her birthday to wish her Happy Birthday. She couldn't talk but she text me back and told me of this heart breaking news. I have thought of your family almost constantly through out this week. I can't imagine how your heart is breaking. His obituary is so great, what a wonderfully talented young man. I loved reading all of his little sayings. When we lived by you, Tawny had a yard sale to earn money for an orphanage she was working at. Jordan walked over to our house and gave us a MP3 player (not sure if that is what it is really called) to donate to the cause. I thought that was so kind of him to walk over and donate that, he was just a kid. I haven't forgot about that. Your family is on our minds and in our hearts, we love you and hope you have a day of wonderful shared memories. Janet Hutchings

I had the privilege of working with Jordan for 12 years. My heart aches for what had happened and I have been thinking of him constantly. He was so much more than just a coworker but my friend too. I will always remember that he always saw the best in me. And always looked after me and supported me. We were a great team. We went through a lot together and had lots of good laughs too. I will miss him so much. God speed my friend.

- Eric Kammeyer

Dear Troy and family. My thoughts and prayers go out to you and your family. Family, friends and faith can get us through terribly tough times like these. I have positive memories of you and Jordan, helping me with various technology requests and talking about our bad backs. I wish the best for you and your family. Take care Troy

I am heartbroken to hear of Jordan's passing. He was my colleague at American Express and ALWAYS took time to help me. Even if my issue was trivial and easy to fix, he always made sure to make me feel comfortable. He was patient, kind, funny and sincere! Over the many times of Jordan fixing my computer, we talked about Bear Lake and boating. He would light up when talking about going to his cabin and spending time with family. It was truly his happy place! To Jordan's family, may your memories with Jordan help you walk through your grief! You will be in my thoughts and prayers! Susan

- Susan Johnson

We love you Jordan and always will. Gone way too soon, but will never ever be forgotten.♥■
