Thanks Uncle Joe for the many great memories that you shared during our many outings, lunches and dinners. Joe's keen mind never failed. Memories were shared right to the end. Connie and I will never forget the song Joe sang that he modified to sing at Myrtle and Lealand's wedding in 1950. Uncle Joe sang with a band he was in at the time. He was 14 years old! He sang this to us A cappella 74 years later in perfect pitch outside in the beautiful courtyard setting of the Holladay Care facility. This whole experience will long be one of my most cherished memories with Uncle Joe. I'm pretty sure Connie feels the same.

So sorry for our loss of Joe. Joe treated me as a sister from the first time his brother John introduced us. He was a loving, gracious man. RIP Joe celebrate being with family. Until we meet again. Carolyn
